

Texas High School Supplemental Sciences Adoption Schedule

Stay current with Texas' first 100% online materials statewide adoption:

The Texas State Board of Education has issued a Request for Supplemental Science Materials calling for online supplemental science materials for High School Biology, Chemistry, Integrated Physics and Chemistry (IPC), and Physics. The adoption of the materials will occur in July 2011 with implementation beginning in August 2011 for the 2011-12 school year. Please use the following schedule to help guide your district in evaluating and selecting the best High School Science program for your district.

Date	Event
April-June 2011	<ul style="list-style-type: none"> ← Learn about Sapling Learning's Texas High School Science offering by visiting www.hs.saplinglearning.com , by attending a webinar or scheduling a demonstration for your school or district. Contact John Kresky at highschool@saplinglearning.com
